

## JOIN PARTNERS

---

CoopeSoliDar R.L: A cooperative working in the Mesoamerican region working with biodiversity conservation, small scale fisheries and human rights.

International Collective in Support of Fishworkers (ICSF): Collective that Works towards equitable, gender-just, self-reliant and sustainable fisheries, particularly in the small-scale artisanal sector.

ICCA Consortium: Movement association that uphold ICCAs-territories of life in all regions of the world.

SwedBio: SwedBio is a program for biodiversity and equitable development in harmony with nature at Stockholm Resilience Centre, Stockholm University.

Packard Foundation: Private family foundation that works with people and communities to create enduring solutions for just societies and a healthy, resilient natural world.

Costa Humboldt: Marine conservation and cultural organization working with coastal communities in Chile.

Environmental Defense Fund: Environmental Defense Fund (EDF) is an international nonprofit organization that works to create transformational solutions to the most serious environmental problems. EDF aims to catalyze global implementation of the SSF Guidelines to ensure that SSF are resilient to the impacts of climate change and empower communities to secure their rights to healthy ecosystems and equitable food systems. EDF is implementing a small-scale fisheries (SSF) program worldwide in order to contribute to thriving marine ecosystems, healthy and empowered communities and sustainable development goals. With active projects in 12 countries, development and implementation of tools to support successful SSF governance and innovative strategies to achieve results at scale, EDF is demonstrating solutions that can power a global movement towards sustainable small-scale fisheries, while improving the communities, economies and ecosystems that depend on them.

Small Scale Hub: The [Small-Scale Fisheries Resource and Collaboration Hub](#) (SSF Hub) is an online, interactive, and multilingual platform for small-scale fishers, fish workers, and their communities and allies. It provides access to free tools and resources to strengthen small-scale fisheries governance and community development. Within this collaborative space, the SSF Hub is meant to be used by those working in and with small-scale fishing communities to implement the [Voluntary Guidelines for Securing Sustainable Small-Scale Fisheries in the Context of Food Security and Poverty Eradication \(SSF Guidelines\)](#). The SSF Hub and the coalition of partners behind it strive to elevate the voices and needs of small-scale fishers and fishing communities through convening and collaborating with SSF organizations, partners and others that are part of or supporters of the SSF movement.

Blue Ventures: Marine conservation organization working to restore the world's oceans and improving the livelihoods of traditional fishing communities.

LMMA Movement: LMMA Network International is a grassroots network dedicated to advancing locally led natural resource management comprising coastal communities, networks and partners in the Pacific Islands and SE Asia.

AW Fish Net: AwFishNet

CAOPA Marine responsible fishing area and Marine territories of life Network: The African Confederation of Artisanal Fisheries Professional Organizations (CAOPA) brings together

professional organizations of men and women from 26 African countries. Its main objective is to foster a pan-African dynamic for the development of sustainable artisanal fisheries for the well-being of coastal communities, and to contribute to the food security of populations.
